

**Questions guiding the Follow-up Process of the
Report of the UN High Level Panel on Digital Cooperation, Recommendations 5A/5B
HLIG meeting 28 January 2020**

A) Overarching questions on a future digital cooperation structure concerning all models

1. How could the new model foster more actionable outcomes?
2. How can broader participation of government and business representatives, especially from small and developing countries and SME's be ensured?
3. How can a stable financial funding be ensured?

B) Internet Governance Forum Plus (IGF +)

4. Do you think the Advisory Group is a useful proposal and if yes, how should it look like? Especially in terms of its composition/membership, responsibilities? To what extent should there be differences to the current MAG?
5. Do you think the Cooperation Accelerator is a useful proposal and if yes, how should it look like? Especially in terms of its composition/membership as well as its responsibilities?
6. Do you think the Policy Incubator is a useful proposal and if yes, how should it look like? Especially in terms of its composition/membership as well as its responsibilities?
7. Do you think the Observatory and Help Desk are useful proposals and if yes, how should they look like? Especially in terms of its composition/membership as well as its responsibilities?
8. Should a new IGF Trust Fund be considered? If yes, how should it look like, what expenses should it cover and – accordingly- what financial volume would it need (annual budget)?
9. How can stakeholders be encouraged to contribute to an IGF Trust Fund? How should contributions to a trust fund be structured: multistakeholder-wise, geographically, and institutionally?

C) Distributed Co-Governance Architecture (COGOV)

10. Which aspects/features of the proposed architecture „COGOV“ should be further considered?

D) Digital Commons Architecture

11. Which aspects/features of the proposed architecture should be further considered?

E) Other Ideas

12. Which other ideas, mechanisms and features are worth considering?
13. Do you see elements of combining the three models and if yes, how could this be operationalized?
